# Man On The Moon Cake

## Ingredients

1 box (18¼-ounces) cake mix **or** your favorite cake recipe  
Ingredients (water, oil and eggs) to prepare cake mix **or** recipe ingredients  
2-quart round ovenproof bowl  
1 can (16-ounces) vanilla frosting **or** your favorite icing recipe

## Decorations

Black food color - to make frosting gray  
Toy astronauts  
Toy American flag

## Procedure

Make and bake the cake according to package (recipe) directions. Generously coat the pan with non-stick cooking spray. Pour the batter into a 2-quart mixing bowl to bake. Bake until the cake's top is golden brown and begins to pull away from the sides, and a toothpick comes out clean. Let the cake cool in the bowl. Gently loosen the edges with a spatula before inverting onto a wire rack. Frost cake with gray frosting. Use a spoon to make the crater on the moon. Place an American flag on the top of the cake. Place 1 or 2 toy spacemen (or even aliens) on the cake, climbing up the sides.
