# Floating Hand Punch

## Punch Ingredients

- 1 can (46-ounces) Hawaiian punch
- 1 can (12-ounces) frozen orange juice
- 1 can (6-ounces) frozen lemonade
- 2 liters gingerale **or** Sprite

## Hand Ingredients

- Latex gloves
- Colored soda **or** Kool-Aid
- Gummi worms

## Procedure

Mix first 3 ingredients in large punch bowl. Add gingerale or Sprite slowly. **Hands:** If latex gloves have a powdery residue inside, turn them inside out and soak in warm water. Allow gloves to dry. Put a few gummy worms inside the gloves. Add enough soda to fill gloves, but not so full that fingers will not move. Tie ends of gloves or fasten with a twist tie. Place paper towels on cookie sheet and lay hands on paper towels. Freeze. When frozen solid, carefully use scissors to cut off gloves. Float hands in punch.
